2022F-6

Video Conferencing Opt-Out Form

The Anacortes School District makes use of a wide range of technology tools in its learning program, specifically video conferencing tools (Zoom; Google Meet). The district has ensured that these tools meet current Children's Online Privacy Protection Act (COPPA) and student privacy standards, and strives to uphold the safety and security of students, families and staff. Students and staff will be trained on acceptable and appropriate use related to video conference tools. This form must be filed with the district annually.

Please review district policy & procedure 2022 with your student related to Electronic Resources and Internet Safety.

Policy 2022: Electronic Resources and Internet Safety

Procedure 2022-P: Electronic Resources and Internet Safety

Parental Opt Out:

I do not authorize my student to participate in video conferencing tools. I have met with my child's teacher and principal and wish to opt my child out of participating in video conferencing tools. I will work with the school to ensure that we are able to access alternative materials.
