### **BUS CONDUCT**

The goal of Transportation Services is to provide safe and timely bus service for the District's students. To do this, drivers must be able to concentrate on operating vehicles in a variety of traffic conditions, always being alert and vigilant. Excessive noise or misconduct by bus passengers can distract a driver and endanger all students on the bus. Therefore, the support and cooperation of parents and students is needed to ensure acceptable behavior by all bus riders.

Students are expected to cooperate with their bus driver to promote bus safety. Each driver is given some latitude working with students to modify inappropriate behaviors. A bus citation may be written at anytime during this process. A driver may confer with a student, change bus seating, assign a specific seat, reinforce student's successes and establish consequence for inappropriate bus rider behavior. If violations of Bus Riding Rules continue, a written citation may be issued. For severe or hazardous conduct, a citation or bus suspension may follow.

Bus misconduct may be referred to the school principal for follow up which may include suspension and/or emergency removal and/or emergency expulsion from the bus.

### **STUDENT CONDUCT ON BUSES**

Dear Parent:

At the beginning of the school year, the driver reviewed all of the bus rules. In addition, we have on file a signature copy of the bus rules acknowledging your understanding of the rules. Bus drivers have also implemented a series of proactive interventions as corrective action prior to this disciplinary process. The purpose of this report is to inform you of a disciplinary incident involving your student on the school bus which may have jeopardized the safety and well being of all students. You are asked to support the corrective action taken by the driver or other district staff. More than two write ups, or a safety related incident, may result in suspension of bus riding privilege.

## PENALTIES FOR INFRACTIONS OF ESTABLISHED BUS RULES:

Pupils' misconduct on the bus or at a bus stop is sufficient reason to discontinue bus transportation privileges to those pupils involved.

Citations accumulate for the duration of one year. These are the consequences that may be expected.

1. First Citation: Written warning or bus riding suspension.
2. Second Citation: Three (3) school days bus riding suspension.
3. Third Citation: Five (5) school day bus riding suspension.
4. Fourth Citation: Ten (10) school-day bus riding suspension. If the suspension occurs within the last ten (10) days of the school year the suspension may remain in effect for the start of the next school year.
5. Fifth Citation: Long-term bus riding suspension for the balance of the semester or school year.
6. Serious Bus Rule Violation: May result in immediate suspension of bus riding privileges for a minimum of five (5) school days suspension, or for the balance of the semester or school year.
7. Suspension may begin at the end of the school day during which the misconduct occurred. In other words, the student transported to school will be returned to his regular stop.
8. If a student is suspended for misconduct on either a morning or afternoon bus, the suspension will apply to all buses. (Suspended bus students may ride a field trip bus with Principal/Transportation Supervisor permission and assigned seated on the field trip bus.)
9. Prior to a long-term suspension, Special Education students, will have an MDT team review the process.
10. At any citation level, Principal, student, transportation, and parent conference may occur.
11. Parents/guardians will be advised of dates of suspension by mail, telephone, or school administration.

### APPEAL PROCEDURES

Students and/or parents/guardians of students who wish to appeal a suspension may submit a request to the Transportation Supervisor for an informal conference as set forth in WAC 180-40-240.

## EMERGENCY EVACUATIONS

Every child who rides a school bus should know what to do should it ever become necessary to evacuate the bus quickly and safely. **Usually students remain on the bus during an emergency; however, two situations do require the bus to be evacuated:**

### **FIRE OR DANGER OF FIRE:**

A bus should be stopped and evacuated immediately if the engine or any portion of the bus is on fire. Passengers should move a distance of 100 feet or more from the bus and remain there until the driver of the bus has determined that no danger remains. Being near an existing fire and unable to move the bus away, or near the presence of gasoline or other combustible materials should be considered as "danger of fire," and students should be evacuated.

### **UNSAFE POSITION:**

In the event a bus is stopped due to accident, mechanical failure, or road conditions, it must be determined, immediately, whether it is safe for passengers to remain in the bus or to evacuate.

## EMERGENCY EVACUATION DRILL

In compliance with WAC392-145-080, an emergency evacuation drill will be completed within the first six weeks of each school semester for all students riding school buses except those excused by the regulation. Students excused from the drill will be orally instructed three times per year. Drills will be held at school bus loading zones only. Students riding field trip buses will receive verbal reviews of

emergency procedures at the beginning of each field trip.

The Emergency Evacuation Drill will proceed as follows. The driver will:

- ❖ Provide a short explanation of why it is necessary to conduct exit drills.
- ❖ Shut off the motor, set the emergency break, and place the bus in Park or Neutral depending on the bus type.
- ❖ Instruct reliable students about use of the 2-way radio.
- ❖ Put the microphone outside the window and turn key to accessory, if needed/possible.
- ❖ Instruct students on getting emergency help.
- ❖ Instruct students on setting highway warning reflector devices.
- ❖ Instruct students on removing the first-aid kit.
- ❖ Instruct students on use of the fire extinguisher.
- ❖ Instruct and assign students to open Exit door (s).
- ❖ Explain which windows are “kick out” windows.
- ❖ Assist students in leaving via the exit door (s).

**Students should also be taught to remember that most accidents are preventable, regardless of who may be at fault, and that proper behavior and good conduct on the bus is the best way to assist the driver in the safe performance of his/her duties.**

### **STUDENT BUS PASSES**

Bus passes are required for students who wish to depart the bus at a different authorized stop or to ride a different bus to or from school. Passes for riding a bus other than a student’s regular bus are issued on a space available basis only. Therefore, there is no guarantee that a pass will be approved. Schools issue bus passes. The procedure to obtain a bus pass requires a parent note. The school’s office processes the request and issues either a Permanent or Temporary Bus Pass. No bus passes are issued the first two weeks of school or the last two weeks of school, except in emergencies.

### **PRESCHOOL/KINDERGARTEN**

The standard Anacortes School District Transportation procedure is that Preschool/Kindergarten students being transported by bus have a responsible person to receive them at their bus stop. If the parents/guardian believe the child is capable of attending to his/her own needs and may be dropped off without a responsible person in attendance, the District then requires that information to be in writing from the parents/guardian via an opt out form provided by the School office.

### **PARENTS RIDING BUSES**

Only students and staff of the Anacortes School District are allowed to ride the school bus. However, parents of Anacortes District students may occasionally be given permission to ride the bus to/from school if they are assisting in a classroom. Permission must be **pre-approved** through Transportation or the school office. The school will then issue a bus pass to the parent. To ride a school bus for any other reason, approval must come from Transportation Management.

## **PARENT COMMUNICATION WITH THE BUS DRIVER**

Due to safety reasons and time challenges, boarding a school bus to talk to the bus driver or a student is prohibited. It is best to contact the bus driver through the Transportation Department. This will ensure that the driver has adequate time to discuss your needs and concerns. Clarification of the rules and procedures should be directed to the Transportation Supervisor.

### **CAMERAS**

The district and bus driver's goal is to increase safety while transporting students to and from school. Cameras on the bus are a tool to help improve student conduct.

### **MECHANICALLY SAFE BUSES**

Anacortes school buses are inspected by the Washington State Patrol twice per year. All district buses meet or exceed Federal and State specifications.

### **BUS DRIVER TRAINING PROGRAM**

To ensure a safe bus ride for your students, each bus driver is an authorized Washington State School Bus Driver who has completed an extensive training program consisting of classroom and on the road training. Each driver has completed a drug screen and has undergone an extensive background check, including State and Federal fingerprinting clearance.

- **Safety features** including the color and size of the school buses, height, reinforced sides, , cross view mirrors, and flashing red lights crossing arms and stop sign **ensure children are protected and secure on and off the bus.**
- **School bus drivers are highly trained professionals** who have your child's safety in mind. They receive **specialized training** in student behavior management, loading and unloading, security and emergency medical procedures.
- **Drivers participate in** pre-employment and random **drug/alcohol testing**, as well as frequent **driving record checks**, and submit to **background checks** and periodic **medical exams** to keep their Commercial Driver's License (CDL) with a School Bus Endorsement.
- The **school bus industry operates** by a set of **safety, security, health and driver qualification guidelines** that meet, and in some cases exceed, federal and state laws, and ensure that school buses are the safest mode of transportation for our nation's schoolchildren.

## **School Bus Safety Tips**

### ***For Students***

- Be alert to traffic. Check both ways for cars before stepping off the bus.
- Make eye contact with the bus driver, and wait for the bus driver's signal before crossing the street.
- Walk in front of the bus; never walk behind the bus to cross the street.
- While waiting for the bus, stay in a safe place away from the street.
- Before leaving the sidewalk, look for the flashing red lights.
- Never go near or under the bus to retrieve something you've dropped.

### ***For Parents***

- Have your child ride the school bus to and from school instead of driving or riding with teenage drivers.
- Review the safety tips with your child regularly.
- Get to know the parents of other riders. You will learn about the other children who are riding along with your child.
- Team up with other parents to get involved and monitor bus stops and bus routes. Voice concerns immediately to your school district.
- Attend "back to school" nights and tour your child's school bus.
- Get to know your school's transportation coordinator and your child's bus driver. He or she is a trained professional who sees your child every day.
- Keep phone numbers handy in case the bus is delayed or in the event of an emergency. Keep adverse weather cards handy.
