ROBOTICS - FTC

FRC combines the excitement of sport with the rigors of science and technology. Under strict rules, limited resources, and time limits, teams of 25 students or more are challenged to hone teamwork skills, and build and program robots to perform prescribed tasks against a field of competitors. It's as close to "real-world engineering" as a student can get. Volunteer professional mentors lend their time and talents to guide each team.

SPEECH & DEBATE

Do you like to write? Are you interested in current world issues? Do people tend to describe you as “over dramatic” or “theatrical”? Have you often found yourself in arguments with your peers? If you answered yes to any of the following questions, Anacortes High School’s Speech and Debate club sounds like the perfect place for you!

Contrary to popular opinion, speech and debate events are low stress and are in small rooms with only a few people. Whether you choose to compete in Dramatic Interpretation, Poetry Slam, one of the 4 types of debate, or any of the other fabulous events, you will fall in love with the fun and supportive environment of the speech and debate club
